Tel : (585) 594-5995 Fax : (585) 594-5425

Dear Patient,

Welcome to Churchville-Chili Family Medicine. In order for us to serve you better, we would like to answer some of the most commonly asked questions by patients entering our practice. We hope you find it useful.

Our office hours are:

Mondays	8am to 8pm
Tuesdays	8am to 8pm
Wednesdays	8am to 8pm
Thursdays	8am to 8pm
Fridays	8am to 5pm
Saturdays	9am to 1pm

Typically, our providers spend 40 to 45 minutes on new patients. PLEASE NOTE : We do not usually do a CPE at the time of an initial visit for individuals over age 30.

At CCFM we practice preventive medicine as well as caring for you and your whole family's chronic and acute medical needs. Our practice philosophy is to aim for early detection, early intervention and prevention. Regularly scheduled office visits allow us to better assist you in identifying and managing any health problems you may have. We believe this is in your short and long-term best interest as being proactive about your health care can often help us prevent the onset of future health problems. Experience has proven that those patients who are consistent in health maintenance enjoy better health overall and are less likely to have difficulty with unstable chronic illnesses later in life.

In a sincere effort to maintain patient satisfaction while honoring the need to maximize the efficiency of our work processes, we have a clear set of practice policies and procedures so that we can provide you with the best possible care while enjoying a long and mutually respectful relationship.

If you have any further questions, please don't hesitate to call us.

We look forward to serving you.

The Providers and Staff at Churchville-Chili Family Medicine

CCFM – New Patient Welcome

Excellence in healthcare, for the whole person, for the whole family
